Prospectus

Welcome to Siddhinath Mahavidyalaya

Siddhinath Mahavidyalaya, S.S.Patna, Panskura, Purba Medinipur situated in a remote rural area conterminous with the juncture of the three police stations, namely Panskura, Debra, and Daspur in the peculiar territorial contiguosness of two districts namely Purba Medinipur and Paschim Medinipur is now the rays of hope to eradicate the darkness of knowledge among those students who have hidden desire for higher education but fail to fulfill because of their some burning issues. This college truly bears the famous dictum "Difficulties in your life do not come to destroy you, but to help you realise your hidden potential and power, let difficulties know that you too are difficult."

The glorious history of setting up this college glitters like a diamond that reflects the dedication, sacrifice, and unconditional love for the soil by some eminent interested persons. Siddhinath Mahavidyalaya, the dream child of an educationist and Headmaster of a local high school Sri Nirmal Chandra Maity, started its journey on 15th March 2013. Sri Maity, the Founder-President of the college, wanted to start an educational institution for higher studies, especially for the girls who had to discontinue their education after completion of their school studies as there was no college in this minority-dominated, tribal-based, and economically backward remote and rural areas. He started the college with a handful of boys and girls, practically begging from door to door for the female students. In this way, the dream came true when a college named Siddhinath Mahavidyalaya, affiliated to Vidyasagar University by the efficient sincere, and sustained effort of this great soul and spontaneous bounty of land donor Rabi Nath Mahanta ji, who donated land for setting up the college. Above all, the role of S.S.Patna Educational and Charitable Trust in the establishment of this glorious institution can never be measured or calculated. Truly this college could not have come into existence without the pioneering efforts, financial assistance, and providing lands and direct supervision to evolve beautifully.
